THE SHORT VERSION

brief to door, in days not weeks.

Send us your logo and roughly what you need. We handle the print prep, show you a digital proof, and only start production once you've signed it off.

10

unit minimum
order

7-14

delivered flat-packed

1

send your artwork

Any logo file works. We handle the print prep and colour matching for you.

2

choose a style

Cayman, Media Lounge or Merlin. Tell us the event and budget and we'll recommend the best fit.

3

approve the proof

We send a digital proof for sign-off before a single stitch is made. No surprises.

4

delivered

Flat-packed for easy transport, worldwide. Beans aren't included, so filling is sourced separately.

what to send.

If you have a vector logo, send it. If you don't, send what you've got.
We do the print prep either way.

file formats

AI

EPS

PDF

PNG

SVG

We accept all common logo file formats, including these. Vector formats (AI, EPS) give the sharpest print results. If you only have a JPG or PNG, our team will assess print viability at no charge.

colour

Full colour, Pantone-matched. If your brand has Pantone references, include them and we'll match to them.

print methods

Full-colour screen printing, heat transfer and embroidery. The best method depends on your logo complexity, colour count and fabric, and we'll recommend the right one for your artwork.

your brief checklist

- ☐ Logo file (or files, if you have reversed versions)
- ☐ Pantone references, if you have them
- ☐ Style: Cayman, Media Lounge or Merlin
- ☐ Bag colour (10 to choose from)
- ☐ Roughly how many (minimum 10)
- ☐ Where the logo goes: headrest, front or back
- ☐ Event date and delivery postcode or country
- ☐ Anything else: event name, colours, deadline

size and position: on your proof.

We confirm the print size and position with you on the digital proof, so you see exactly what's being made before production starts.

Working for a client? Send the artwork and the deadline, and we'll take it from there.

the styles.

Not sure which? Tell us the event and budget and we'll recommend the best fit.

FABRIC

1680D commercial polyester. UV protected, water and mould resistant.

COLOUR FASTNESS (1680D RANGE)

Grade 6 to light, UVPF 50+

BUILD

Double-stitched, overlocked seams

FABRIC OPTIONS

Olefin. Solution-dyed acrylic. Choose your own.

FLAMMABILITY (1680D RANGE)

Non-flammable, conforms to AS3744.1-1998

SAFETY

Child-safe YKK zippers, removable inner liner

The 10 colours shown are the standard 1680D range. Sizes are shown as filled. Beans are not included: bean bags ship flat-packed and unfilled.

PROOF, PRODUCTION, DELIVERY

no surprises.

proof

A digital proof comes to you for sign-off before production starts. Check the artwork, colours, size and position, then give us the go-ahead.

production

Standard lead time is 7–14 business days from artwork approval. Rush orders are available on selected styles. Send us your event date and we'll tell you the fastest option.

delivery

Flat-packed, delivered worldwide. Large quantities can be fulfilled depending on shipping location. Filled bean bags are costly to ship, so they arrive flat-packed and unfilled. Minimum order is 10 units.

care

Spot clean with a sponge and soapy water, or hand or gentle machine wash below 40°C. Air dry. Do not iron or bleach.
